## TOWN WIPE OUT

Creek Left Its Banks And Swept Village Like Raging Torrent.

Louisville, Ky., June 8.—Twenty-one persons are dead, the village is devastated and several thousand acres of growing crops are ruined. This is the sum total of the havoc wrought by the cloudburst that descended on Gradyville, Ky., and vicinity last night. All the dead are residents of Gradyville. Although reports are meager owing to the remoteness of the place and the prostration of telephone and telegraph wires, it is believed no further fatalities will be reported from the surrounding country.

The dead: Mrs. L. C. Nell, wife of State Senator Nell and four children; Mrs. Lunshill and one child; Mrs. Carl Wilmore, her daughter and granddaughter; Paul Wilson, 18 years old; Mrs. Hartfield Moss and her six children; Mrs. J. W. Keltner and one child; Miss Mary Moss. All but two bodies have been recovered. The disaster was due to the erratic behavior of Big Creek, ordinarily a small stream, but which was already swollen by recent rains. When the cloudburst was precipitated three-inches of rain fell in an hour on Gradyville and vicinity. The creek leaped from its bed and took a new course with the impetuosity of a tidal wave.

The inhabitants of Gradyville had no warning and nearly all were abed when the foaming waters struck the place, carrying away six large residences, a mill and a number of small houses. Nearly all the victims were drowned, but four were crushed by the collapse of their dwelling when the torrent struck.

State Senator Nell, who is a physician, owes his escape from the fate that overtook the rest of his family, to the fact that he was several miles away in the hills with a patient when the storm broke.

Gradyville is a village of 175 inhabitants, six miles from Columbia and eighteen miles to the nearest railroad station.

Nashville, Ill., June 8.—A tornado swept over New Minden, seven miles North of here at 6 a. m., killing five persons and injuring several. A number of houses were demolished. The dead: Mr. and Mrs. Henry Weihe and two children; a child of Carl Stuemeyer.

The injured—Mrs. Carl Stuemeyer, may die; Herman Weihe, arm and leg broken and internally injured; ten-year-old child of Henry Heseman abdominal injuries. A score of others were bruised by debris.

The storm struck the northern portion of the town and most of the houses destroyed were country houses. In the town the German Lutheran church was badly damaged, the steeple being blown down and the roof being blown off. On the north side of the church, the parochial school was demolished. These buildings were practically the only ones in the village proper that were damaged.

From this point the tornado continued and leveled about seven more farm houses. The Weihe house, in which five persons were killed, was about the last house struck. It was completely demolished. The occupants were carried with the debris of the house into the adjacent field. Every member of the family was killed. Physicians from Hoyleston were hurried to the scene. A report has reached here that a farmer driving from Hoyleston to New Minden, with a wagon, has disappeared. It is believed that he was caught in the path of the storm and carried to his death. Much live stock was killed. At Covington considerable property damage was done but nobody was hurt.

Eleven years ago Minden was struck by a tornado and four or five persons killed and score or more injured.

York, Ill., June 8.—Three persons are dead and eight fatally injured as the result of a tornado which practically wiped out this town last night. The loss of property is estimated at \$50,000 and the damage to timber and fruit crops will be more than \$100,000.

Without warning the storm broke while most of the people were at supper. Entire families were buried in the ruins. The storm lasted less than four minutes. All communications were cut off until early today.

## Died at an Advanced Age.

Mrs. Matilda Jane Fritts, the venerable relict of R. D. Fritts, died in this city at the home of Hughay Sisco on May 26, 1907 of the infirmities of old age coupled with cancer which of late had sapped what little vitality she had left.

Her husband preceded her to the grave in 1860, nearly half century ago. She was in her seventy-ninth year, and was a member of the old Mount Pleasant Methodist church, never having joined any other congregation, altho that church, which was situated on the Crittenden Springs tract now owned by R. W. Wilson, has gone to decay many years ago no trace is now remaining.

Her remains were laid to rest at the new cemetery on Sunday, June 27, Rev. Elgin conducting the services.

Her surviving children are Mrs. John Ann Clark, of this city; John Fritts, of Indiana; R. M. Fritts, of Arkansas; Sam Fritts, of Missouri.

## TOWERY WINS PRIZE

Gets \$25 in Gold For Best Literary Production of Senior Classmen.

Beverly Todd Towery, a member of the senior classical department at Kentucky State College, has been awarded the prize offered by Miss Elizabeth Shelby Kinkead, lecturer in English literature, for the best essays submitted covering the three terms' work in the senior year. The prize is \$25 in gold and was awarded to Mr. Towery Wednesday morning at class day exercises, being presented by the class president, A. M. Kirby, at the request of Miss Kinkead.

Mr. Towery attained an average of over 14.9 on the three essays submitted. The grades were as follows on a scale of 15: First term, 14.8; second term, 15; third term, 15.

This is the second prize Mr. Towery has won on essays submitted, having been awarded an equal share of the \$25 medal offered by Miss Kinkead in his freshman year.—Lexington Leader.

## Ordination Services.

Donaldson church, Caldwell county, met Saturday June 1st, to set apart to the full work of the gospel ministry, H. A. Egbert and Randolph Lane.

1. Ordination sermon, by C. F. Stewart, from 1 Tim. 3:1.

2. Formation of Presbytery, composed of Elds. E. B. Blackburn, Moderator, U. G. Hughes, Clerk, W. H. Moore and C. F. Stewart.

3. Relation of Christian experience and call to the ministry by candidates.

4. Examination of candidates by W. H. Moore.

5. Ordaining prayer by E. B. Blackburn and laying on of hands by Presbytery.

6. Charge to candidates and presentation of Bible by U. G. Hughes.

7. Charge to church by C. F. Stewart.

8. Extending hand of ministerial fellowship by Presbytery and Christian fellowship by church.

9. Benediction by H. A. Egbert.

## Infant of Mr. and Mrs. Roberts Dead.

Alice Wilson, infant daughter of Mr. and Mrs. Geo. P. Roberts, died Sunday night at 11 o'clock of meningitis. She had been quite ill for several days, but rallied Saturday and her parents had hopes of her recovery.

Sunday afternoon she took a relapse and gradually sank until death relieved her.

The funeral was held at the residence Monday afternoon and the interment at the new cemetery, Rev. Andres officiating.

## Some Fine Strawberries.

Mr. Jas. A. Pickens, of the Tribune section, is a grower of fine berries, and brought to the office last week a box of as nice ones as it has been our pleasure to see this season, and it proves that a little special care of that luscious fruit will increase its size and flavor.

## Ladies Aid Handsomely Entertained.

Last Thursday June the 6th, the Ladies Aid Society, of the Baptist church, met on the Wilson hill with Mrs. John M. Asbridge. The trip was taken in buggies and carriages, and quite a number went, the omnibus drawn by four horses. The trip was quite enjoyable and as the weather was perfect, nothing occurred to mar the pleasure of the evening. The view from the Asbridge home, is one of the best in the county, overlooking the beautiful valley below, in which nestles the city of Marion. The trains of the I. C. R. R. pass in full view, for over a mile—yet far enough away not to be

disagreeable on account of noise or smoke.

The hostes served delicious refreshments of ice cream and strawberries with cake of several varieties.

Among those who attended were: Mesdames J. H. Butler, W. B. Walker, W. B. and T. J. Yandell, W. A. Blackburn, J. F. Dodge, Levi Cook, T. C. Carter, Susan Glenn, J. O. Dixon, G. M. Crider, U. G. Hughes, A. J. Duval; Misses Katie Yandell, Elizabeth Cook and Myra Dixon.

## Eaton-Woolf.

Miss Millie Eaton, of this city, and Mr. Elmer Woolf, of Houston, Tex., were married Monday morning at 10:30 o'clock by Rev. T. C. Carter at the home of the bride. Only the family and a few intimate friends were present.

Miss Eaton is the second daughter of Rev. E. M. Eaton, formerly of Salem, now of this city. For two years she has spent much time with her sister, Mrs. Eugene Love, in this city, and has won quite a number of friends by her quiet lady-like manner.

Mr. Woolf is a son of Mr. J. T. Woolf, of Tolu, and has been in Texas for several years, where he has been very successful in business.

Mr. and Mrs. Woolf left on the noon train Monday for Texas where they will make their home. Their many friends and the RECORD-PRESS extends congratulations and best wishes.

## Mrs. Jennie Morse Dead.

Mrs. Jennie Morse, wife of the late David C. Morse, died at her home in West Marion, Tuesday evening, June 11, at six-thirty. She had been confined to her bed for about six weeks, but was a patient sufferer.

She was born Sept. 19, 1850 and was married Dec. 31, 1884. She was Miss Givens, sister of J. W. Givens, of this city, before her marriage.

Mrs. Morse was a member of the Cumberland Presbyterian church at Liberty in Caldwell county and was a noble Christian woman loved by all who knew her.

She is survived by two daughters, Misses Eliza and Fannie Morse, and two step-daughters, Mrs. Jennie Strong, of Princeton, and Miss Lizzie Morse, of this city.

The remains were taken to Liberty church near Farmersville, where the funeral and burial took place, conducted by Rev. Weaduff.

## "Aunt" Rose Hughes Dead.

"Aunt" Rose Hughes, colored, died at her home on South Main street Thursday, June 6, at 9:30 o'clock.

She was the mother of Dr. Cobb and formerly belonged to the Cobb family of Eddyville and afterward to W. P. Maxwell.

"Uncle" Jesse Hughes, her aged husband survives her. She was sixty-three years old, and was buried at the Baker graveyard near Fredonia Friday afternoon, Rev. Parker officiating.

## GIRL WEDS LOVER

Who Dies Five Hours Later at Norton Infirmary, Louisville.

Louisville, Ky., June 10.—One of the most pathetic events ever known in Louisville was the marriage yesterday of Mr. Robert Horner and Miss Elizabeth Burnett, daughter of Judge Henry Burnett, formerly of Paducah. The ceremony took place at noon at Norton infirmary, where Mr. Horner lay on his death bed. At 5 o'clock he passed away. His bride sat at his bed side clasping his hand until the end came.

Mr. Horner was 29 years old.

He was the son of Samuel Horner, of Philadelphia, a millionaire, and had charge of the Kosmos Portland Cement works in Louisville, owned by his father.

His wedding to Miss Burnett was announced for Tuesday, May 29, many festivities had been planned.

A week ago Mr. Horner developed a carbuncle on his neck. He paid little attention to it until three days ago, when he went to the Norton infirmary to have it treated. Blood poisoning developed yesterday morning.

Mr. Horner was told he could not live and asked that the wedding take place at once. His family had an

rived from Philadelphia for the wedding. They were not aware that he was seriously ill.

Mr. Horner, a few days ago, took out \$25,000 insurance for his wife to be and before he died commended her to the care of his family.

## Marion Juniors Defeated.

After winning the first game with Kelsey, the Marion Juniors lost the second contest mainly thru the inability to hit Rice, coupled with errors by the out field. For five innings it was a pitchers battle, both pitchers doing excellent work. Marion only score came in the fifth inning after Rochester singled, stole second and third, he came home in a bunt by Henry. The score:

Innings 1 2 3 4 5 6 7 8 9 T  
Marion 1 0 0 1 0 0 0 0 0 1  
Kelsey 0 0 0 0 2 5 2 1 0 10

Batteries, Marion: Henry, Rochester and Dixon, Kelsey: Rice and Harmon. Struck out by Henry 11, in six innings, Rochester 2 in 2 innings by Rice 12. Umpire Clark

To and From the Far West.

Tolu, Ky., June 3, 1907.

EDITOR RECORD PRESS:—I, in company with my cousin, J. A. Wheeler, of Crayneville, left Marion on the midnight train May 17 for a trip to the Far West. Going over the Union Pacific railroad we went via Evansville to Chicago on the I. C.

Passing over the beautiful prairie state of Illinois we saw fields of corn and wheat and numberless orchards. Entering the White City by the lake we passed through miles of houses towering skyward ere we reached Union Depot by Lake Michigan. Here we had a stay of six hours, and I beheld in Lake Michigan my first large body of water dotted here and there by countless crafts. In a short stay of six hours we saw sights and wonders only a large city will furnish. The most serious thing, however, and which served us as a reminder, was a robbery. A brother and sister having inherited a sum of \$1500 were waiting in the depot for a train in order to return to their home when the robbery occurred.

Land in the great city must be scarce as while waiting we saw workmen laying concrete extending out into Lake Michigan forcing the foundation of a great city park.

Leaving Chicago at 4 p.m. we began our Western journey on the Union Pacific. Bearing Northward we left the state of Illinois and entered the great state of Wisconsin. This state is very similar to Illinois, it being a prairie. We touched at Madison, the capital, then at La Crosse. Entering at St. Paul we took a Southwestern course, crossing Northwestern Iowa we entered the state of Nebraska at the city of Omaha. Here was our first change of cars out from Chicago. During a stay of ten hours we had an opportunity to see some of the sights of this city. The city is very peculiar being somewhat of a two story city. On some of the main streets the regular trains are on the ground while the street cars and side walks are above them forming an elevated road. We also saw the great John Deer Plow Company manufactory

and the Rock Island Plow Company, whose utensils I handle in my shop. I also discovered in this city no recognition of the Sabbath. Men working on the street, business men at their business and women at their washing and that too on Sunday.

At 4 p.m. Sunday we left this city and meandered Westward with the Platte river throughout the state, our next stop being at the capital of Wyoming, Cheyenne. Here a stop of four hours, but the time was spent in sight seeing. We took a run out to the state and the city park. At the state house we saw an imposing monument representing the soldiers in the Spanish-American taking the oath. Cheyenne is a prairie city, but in the city park was a forest of towering and well-kept cottonwood trees. The gate to this park bearing the words "Welcome in." We saw a sight we never before beheld, seals. There were two being eaged and transferred from one ear to another.

Utah is the state of the Mormon, but we never stayed long enough to have an offer of another wife—one being sufficient.

Continuing our journey we saw our first mountains when the Laramie range loomed in sight. Crossing these mountains and penetrating prairie and threading deserts wastes we left the state of Wyoming from its Southwest corner and entered the state of Utah, making our first stop at Ogden. We stopped here but a few minutes. But Utah is a beautiful state, being a state of towering snow capped mountains and undulating valleys. More beautiful orchards I never saw. We gradually came upon Great Salt Lake leaving the city to the Southward. We cut the lake in two as the railroad now has a dirt road through this greatest of Western lakes. This lake is said to be from three to eight feet deep and thirty-six miles across. In crossing this sheet of water we saw natural salt formation along the shore and in the center of the lake is an artificial island called Mid Lake Station on which a family reside. Leaving Great Salt Lake we entered the Great American desert. As far as the eye could see were great stretches of sandy deserts with a few basins of alkali here and there where now and then could be seen bunches of sage brush and other desert plants. This continued until we came to the mountains of Nevada. Along here we saw our first fencing against the snow against which was an embankment of snow. This fence prevents the snow from drifting onto the railroad and stopping the train. Soon we began to strike the mining districts. One mine in Nevada we passed was said to have forty miles of tunnel, one at a cost of \$14,000,000 and a miner told me that \$19,000,000 were taken from this mine and that they were still obtaining the finest ores, gold, silver and copper.

The next city we came to was Winnemucca, our business destination, and where we stopped a day and night.

J. A. WHEELER.

## LITTLE POCKET PHYSICIAN.

Hyomei is Guaranteed by Haynes & Taylor to Cure Catarrh.

Thousands who have been cured by Hyomei call the inhaler that comes with every outfit the "Little Pocket Physician," as it is so small that it can be carried in the pocket or purse. There is really no excuse whatever for anyone having catarrh now that Hyomei is so readily obtainable. If you have any doubt about its value, Haynes & Taylor will let you have a complete outfit, with the understanding that unless it cures catarrh it will not cost you a cent.

The complete Hyomei outfit consists of the "Little Pocket Physician" and a bottle of Hyomei and costs only \$1.00, making it the most economical as well as the only guaranteed treatment for the cure of catarrh. Remember that Hyomei cures catarrh without stomach dosing applying the medication and healing where the disease germs are present.

### Do not Neglect The Children.

At this season of the year the first unnatural looseness of a child's bowels should have immediate attention. The best thing that can be given is Chamberlain's Colic, Cholera and Diarrhoea Remedy followed by castor oil as directed with each bottle of the remedy. For sale by J. H. Orme, the leading druggist in Western Kentucky, Haynes & Taylor, the enterprising druggists, of Marion.

### A Wife's Needs.

She needs a good temper, a cheerful disposition and a knowledge of how her husband should be treated. She needs a capability of looking on the right side of life and refusing to be worried by small things. She needs a secure grasp of such subjects as are of interest to men, and should not be above studying even politics in order to understand, should her husband speak of them.

She needs a sympathetic nature in order that, should sorrow fall upon them, she may be able to give comfort to her husband.

She needs to understand something of sick-nursing. A wife with no notion of what to do in the case of illness is but a useless thing. She needs considerable tact and patience—the one to enable her to know when to remain silent and vice versa, and the other to put up with him when his temper is ruffled.

### Cured of Bright's Disease.

Geo. A. Sherman, Lisbon Red Mills, Lawrence Co., N. Y., writes: "I had kidney disease for many years and had been treated by physicians for twelve years; had taken a well known kidney medicine and other remedies that were recommended but got no relief until I began using Foley's Kidney Cure. The first half bottle relieved me and four bottles have cured me of this terrible disease. Before I began taking Foley's Kidney Cure I had to make water about every fifteen minutes, day and night, and passed a brick-dust substance, and sometimes a slimy substance. I believe I would have died if I had not taken Foley's Kidney Cure. Sold by J. H. Orme."

### Tribute of Respect.

Bells Mines church met in session May 20, 1907 and voted the following tribute of respect to the memory of Bro. Sam J. Barnes, a member and elder of this congregation:

WHEREAS, God in his providence has removed, by death, our dearly beloved brother, S. J. Barnes, who was an honored member and officer of our church and Sunday School; a man whose life and character was the embodiment of that which was pure and good and worthy of imitation and a man honest in his convictions.

Bro. Barnes was born in this county and would have been forty-two years old if he had lived until June 10, 1907.

He gave his heart to God when quite young and affiliated with the General Baptist church, afterwards he joined the Cumberland Presbyterian church at Bells Mines, Aug. 24, 1900. He was ordained elder

of this congregation April 20, 1902

WHEREAS, our dearly beloved brother answered the summons of our Heavenly Father, "the come up higher," on May 13th., be it

RESOLVED: (a) That while it grieves our hearts to part with one, who in all the relations of life, professed his duty as by him understood, we bow in humble submission to the will of God, who does all things well; whose ways are hidden in the mysteries of his own work. "Dust thou art and unto dust thou shalt return." (b) That in the death of Bro. Barnes the church has sustained a great and material loss, both as elder and member; the community a good citizen; the bereaved family a devoted husband and father. (c)

That we hereby express our loving sympathies to all the bereaved ones and commend them to the tender care and guidance of the good Shepherd who loves and cares for his sheep. (d) That a copy of these resolutions be sent to the Cumberland Banner and Record-Press for publication, a copy be given to the bereaved wife and a copy be spread on the records of this church.

### A Real Wonderland.

South Dakota, with its rich silver mines, bonanza farms, wide ranges and strange natural formations, is a veritable wonderland. At Mound City, in the home of Mrs. E. D. Clapp, a wonderful case of healing has lately occurred. Her son seemed near death with lung and throat trouble. "Exhausting coughing spells occurred every five minutes," writes Mrs. Clapp, "when I began giving Dr. King's New Discovery, the great medicine, that saved his life and completely cured him. 'Guaranteed for coughs and colds, throat and lung troubles, by J. H. Orme, druggist. 50¢ and \$1.00 Trial bottle free.'

### For Chickens.

A mess of bran is always beneficial to fowls. Bran contains more phosphates and mineral matter than ground grain, and also assists in regulating the bowels. This is true especially when a quantity of linseed meal is given with it, but in the warm season a mess three times a week is sufficient. It may be fed by scalding it and feeding it in a trough or by sprinkling it dry on a clean board or over cooked potatoes and turnips. No other grain should be given if bran is allowed during the summer season, especially if the fowls have a large range. In fact, no grain is necessary at all during a warm season, but should such food be given, let it be dry bran.

An excellent green food for young chicks can easily be provided through the expenditure of a few cents for oats. A half bushel of oats should be placed in a shallow box so that the entire mass is two to four inches deep. This should be sprinkled with water daily until the seeds have become saturated when they will sprout and continue to send up tender green shoots. Very young stock may be fed the shoots only, while older chicks can be given seed and all.—Exchange.

There is no ease of indigestion, no matter how obstinate, that will not be speedily relieved by the use of Kodol. Kodol contains the same juices found in a healthy stomach. Conforms to the Pure Food Drugs Law. Sold by J. H. Orme.

### Obituary.

The subject of this sketch, Mrs. Eliza Brown, was born in Livingston county, now Crittenden, the 5, day of June 1826 and died May 22, 1907. She was 80 years, 11 months and 17 days old. Her maiden name was O'Neal. She was married to J. C. Brown July 27, 1848. She professed faith in Christ about 28 years ago and some time thereafter, united with the Camp Creek Missionary Baptist church, but at the time of her death was a member of Baker Creek church.

Aunt Liiza, as she was familiarly called, was a good woman. She was very industrious and a great helpmeet to her husband. She was a devoted Christian. The writer well remembers when he was a young preacher, and her pastor, that Aunt Liiza would sometimes get happy while he was preaching and shout the praises of God. She told her friends and loved ones not to weep for her for she was going home to meet her Savior, who had taken care of her all her life and to meet her loved ones who had gone on before.

She leaves her aged husband, one son, A. L. (Dock) Brown, a daughter-in-law, five grand children and a host of friends and relatives.

May God's richest blessings be upon the dear old husband; may his pathway be like that of the just, may it shine more and more until the perfect day.

The funeral was preached by the writer to a large and sorrowing congregation—text: Eph. 3:15, after which we laid her to rest in the Repton cemetery to await the Resurrection. Servant of God, well done, rest from thy loved employ; the battles fought, the victory won, enter thou thy Master's joy.

Bells Mines church met in session May 20, 1907 and voted the following tribute of respect to the memory of Bro. Sam J. Barnes, a member and elder of this congregation:

WHEREAS, God in his providence has removed, by death, our dearly beloved brother, S. J. Barnes, who was an honored member and officer of our church and Sunday School; a man whose life and character was the embodiment of that which was pure and good and worthy of imitation and a man honest in his convictions.

Bro. Barnes was born in this county and would have been forty-two years old if he had lived until June 10, 1907.

He gave his heart to God when quite young and affiliated with the General Baptist church, afterwards he joined the Cumberland Presbyterian church at Bells Mines, Aug. 24, 1900. He was ordained elder

## KENTUCKY AS COAL STATE

Produced Nearly Ten Million Tons Of Black Diamond During the Year 1906.

Washington June 6.—Although Kentucky is noted chiefly in the popular mind for beautiful women, fast horses and good whisky. Another of her products is fast assuming the importance to which it is entitled in the industrial world.

Reference is made to coal. Last year the Blue Grass State produced nearly ten million tons of black diamond, the exact figure being 9,673,539.

The value of this product was \$9,704,823. This is considerable less than if the coal was anthracite like that Pennsylvania prides herself on.

Kentucky coal is bituminous, or of the soft variety, which is much cheaper.

The production of coal in Kentucky last year showed a large increase over the amount mined the year before.

Kentucky's neighbor West Virginia produced more coal last year than did Illinois, thus taking second place among the coal producing States. Pennsylvania was first and Illinois third, Kentucky's rank was ninth.

### DOES THIS STRIKE YOU.

When I see a youth with his pants turned up and his beautiful socks in view, and over one eye perched a little round, with a ribbon of red and blue, and the fourteen rings and seven pins that he got at the big High School, why it strikes a chord, and I say: "Oh Lord, was I that big a fool?" When I see a youth with his gloves turned down and a cigarette stuck in his face, and a loud check coat and a horse cloth vest and half an inch wide shoe lace, and a bunch of hair that hides his ears, and a tongue of senseless drivel, then paw the grass as I saw: "Oh Lord, was I ever that big a fool?"—Billy Bowlegs.

### TRIBUNE

Most of the farmers are done setting tobacco in this neighborhood.

Wilbur Boston attended the Carnival at Marion Friday.

Vernon Hodge has a good case of measles.

Mr. Andrew Stevens and son Luther attended the Carnival Saturday.

Jim Cullen and wife are up from a hard case of measles.

Preston Lamb returned from Danville this week where he has been attending college.

J. Pickens was in Marion Monday.

The wheat crop is looking well in this neighborhood.

All farmers who planted their corn early have plowed over.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative and my Book on either dyspepsia. The Heart or the Kidneys Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to-day for samples and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by Haynes & Taylor.

### Novel Burglar Alarm.

Paducah Ky., June 6.—Awakened by a storm of missiles on his front porch, H. C. Hollins, of twenty-first street and Broadway, went out to investigate the cause of the disturbance about 2 o'clock yesterday morning and was struck by an old shoe thrown from an upstairs window of the next house. Around his feet were odds and ends of footwear. Glancing toward the window, he saw two women frantically hurling old shoes at his porch. When he had attracted attention to his presence, the women, Misses Emma and Jane Morgan, told him there was a burglar in the house and they were trying to arouse the neighborhood. The house had been ransacked, but nothing was missing.

### STATE FAIR NOTES.

The Kentucky State Board of Agriculture, Forestry and Immigration, under whose auspices the State fair will be held at Louisville, Sept. 16-21, has completed the classification of premiums for the next State Fair, and the same is soon to go to press for distribution among over 20,000 prospective exhibitors. Any one interested in exhibiting live stock of any character, poultry, woman's work, products of the field, orchard or dairy, or the handiwork of children, will confer a favor upon the Board of Agriculture by forwarding his or her name to the Secretary, R. E. Hughes, Louisville.

Natiello's Band, a premier musical organization with fifty all-star artists will furnish music for the Kentucky State Fair, to be held at Louisville, Sept. 16-21. The State Board of Agriculture is negotiating with the famous Knabenshue, to bring to Louisville his new passenger-carrying airship, together with his captive balloon, and the balloons with which two members of his aeronautic company make races, as some of the big attractions of the State Fair. Knabenshue has a reputation that is world wide. He was the first American to make a successful flight in an airship, and has been perfecting the machine that penetrates the skies ever since his first flight at the St. Louis Exposition in 1904, until now he has a vehicle soaring in the air, which carries additional passengers.

### Wild Hog Attacks An Infant.

Rockport, Ky., June 8.—Attacked by a wild hog, which had come out of the woods in search of food, a two-year-old child of James Morgan, though badly mauled, was saved by a St. Bernard dog which had been left to guard it.

The child had wandered away from its home and the hog attacked it with the evident intent intention of eating it. The dog attacked the beast, and, and although badly mauled by the hog's tusks, succeeded in driving it off.

Compared with any other law, I hold in higher dignity and most awful significance the law of the descent of inheritance; of prenatal influence; of the determining of destiny before a human being has ever known an independent heartbeat or an intelligent volition. I believe that all reformers have their root here, and that a wiser age, not far distant, either, will stand aghast as it reads of the present dance of delusion and death in respect to the right of every child to be well-born. This is the greatest reform the world will ever see.—Frances E. Willard.

### Telegraphy.

The fact that telegraph operators are being taught and sent out to railroad positions almost every week, by the Bowling Green Business University, is sufficient evidence of the thoroughness of the training given by that institution. This is now one of the largest commercial schools in America and the enrollment is increasing every year. This University has the largest Telegraphy school in the South, and third largest in the world.

The soul and brain are far more easily molded in childhood than in adult life. Parents who know how to do this may shape the child's plastic soul into a noble, beautiful character. If they carelessly allow it to form evil habits, the result is a malformed soul and brain that may rule to ruin in after years. Mental suggestion, wisely employed, will insure their success in this all-important work.

### BLACKBURN

Mrs. Leta Fralick is very low, no hope of her recovery.

Mrs. Ellen Travis is reported no better.

Mrs. Belle Siembridge has been sick, but is able to be out again.

Planting corn is all the go.

R. M. Riley, of Providence, passed through here Friday selling fruit trees.

Joseph Wynn is on the punny list.

Several of the farmers of this community went to plant out the corn crop for T. J. Fralick Thursday, his wife being sick so long he was delayed in his work.

Richard McChesney is all smiles, it's a new boy.

George Boyd and John Murry were the guests of Ernest and Clarence Davis, Sunday.

Joseph Wynn and family visited his father-in-law, Mr. Sigler, last Saturday and Sunday.

Dady Travis went a fishing last week, where is your fish dady?

Dr. E. A. Orr and wife visited her daughter, Mrs. Ollie Rowland, Sunday, who is on the sick list.

Funny Boyd, Iley Basley and John Fralick was here Sunday.

Sunday School was closed here on account of the measles scare. We hope they will soon die out so we can open our Sunday School again.

### The Government Short.

There is a dearth of stenographers throughout the country, even the United States Government is unable to procure all it needs. The Business University at Bowling Green, Ky., turns out more stenographers than any other institution in the South and yet it gets many times more calls for them than it can supply. Stenography is an unrowded vocation.

### FAIR VIEW

Most every body in this neighborhood is through setting tobacco.

We are having a very interesting Sunday School at this place with G. R. Brown Supt. All are invited to attend.

Miss Cora Damron, who has been sick, is improving.

John Waddell delivered a fine bunch of hogs at Salem last week.

Miss Bulah Wring and Will Massey attended church at Mt. Zion last Sunday.

Grove Damron is all smiles, the stork passed over Tuesday and left a fine boy there. Mother and child are getting along nicely.

If you want to know where to get buggy shelter, ask Will Massey.

The Eby Hodge mines is on a boom, with Windy Long as manager.

Herbert Childress and Leslie Howard are two of the most prominent young men of this place, why? Because they are the only two there is.

If you have any hogs to trade call on W. D. Shreeves.

Wm. Sisco, who has been down with the measles, is up again.

If you want any rat-dogs, see W. J. Damron.

If you want your hair cut, see O. N. Kirk.

## Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have those same contractions.

This disease explains why, as a medicine, Dr. Shoop's Restorative has in just done so much for working hearts. Dr. Shoop first sought the cause of all this painful, precipitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help.

If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

THURSDAY, JUNE 13, 1907.

We are authorized to announce  
R. H. THOMAS

a candidate for Assessor, to fill out the unexpired term of J. Anthony Davidson, subject to the action of the Republican party. He endorses the local option law.

It pays to be a vegetarian these days.

June's mighty gluu about something or other.

But in spite of the cold spring, there is a fine crop of beautiful June brides.

One thing about Senator Foraker, he is brave enough to speak right out in meeting.

Each of those Long Island prisoners confesses that the other murdered the girl.

There is a fortune in sight just now for the man with a scheme for producing artificial sunshine.

The Pittsburgh Board of trade has resolved to double the population of that city during the next ten years. Of course, we are all expected to watch Pittsburgh's "smoke up."

It has been asserted there are 40 fortunes or more than \$50,000,000 each in the Pittsburgh district, based on coal and iron development.

Whether this be correct or not, there are certainly a great many fortunes running from \$5,000,000 and \$10,000,000 up to \$100,000,000 each, and then there is Mr. Carnegie's of \$300,000,000, or \$400,000,000.

The Philadelphia Inquirer says the man who steals a watch has an advantage over the man who steals a railroad. But we refuse to believe that he has a good time.

A Boston preacher informed his congregation, that in eight years, the reign of the devil will come to an end. But what we like to know is when the rainy season is coming to an end.

One thing can be truthfully said of the teachers in our schools at the present time, and those employed for the ensuing year, that their daily walls and conversation, and their moral lives are such as to form a good example for their pupils. Our pupils can safely follow the example of the teacher. "When the roll is called up yonder" the teachers of our school can answer "present." Good morals and good manners are taught in our schools and the worthy example set by our present corps of teachers has a great influence in moulding the character of the youth of our city.

R. M. Wilborn came to town the other day by way of Buffalo, Niagara Falls, Montreal, Toronto, Cleveland and Chicago. This is the first time Dick has been farther North than Evansville, farther East than Tradewater or farther South than West Tennessee and to hear him describe it we are led to believe that if the world is as big and grand in other directions as it is Northeast to Cleveland, Ohio, she is a whopper.

It is simply too much to think about, much less to tell," exclaimed the veteran sewing machine man. "I rubbernecked until I got a stiff neck. When I once got her set back for a twenty five story building it was very difficult to get it back into a normal condition."

Dick leaned back and assumed a comfortable position.

"Yes siree," he continued, "it was a sight to see. Why man alive you ought to see one of those northern cities. It is all hustle and bustle and a slow guy like me stood a good chance to get run over. I'll tell you what's the honest truth, I spent half my time getting out of the way and trying to keep from getting run over the other half.

And now comes Hicks with the following for June:

June 9 to 13: Coldest summer weather for many years in June, but

street cars, rubber tired vehicles of all kinds as well as automobiles kept me busy guessing which way to jump. And speaking of automobiles, say boss! it was a sight to see me up beside old man White, of the White Sewing Machine Company, riding in his \$4000 White automobile "doing" Cleveland. He drove us all over the city and do you know we were the first men he ever personally conducted over Cleveland."

Dick here recrossed his legs and retilted his chair against the wall. "You bet your life I am some punkin when I get out of Marion. They call me Mr. Wilborn with the accent on the mister. The White Sewing Machine Company know a good thing when they see it. I have always stuck to them and they know it. They kept us moving seeing the sights while we were there and best of all they paid the bills.

Niagara Falls? Well I should say it was a sight to see. Say boss! Crooked Creek is not in it. Niagara Falls is the grandest sight I ever saw. I am very proud of the trip, but we saw so much I was glad when we finally headed for home. I am on my way back now to take charge of the crew. No, I don't think I will ever come back to Marion to live."

Hicks should be suppressed. We say this without fear of contradiction.

On the twentieth day of May an high official of the united spar industries of Crittenden county made the assertion that "there never has been a month of May since Marion has had place on the map in which the roads have been so bad for twenty consecutive days."

The above was said with a close snap of the jaws and a look that betrayed a grudge against the weather man at Washington or Hicks in St. Louis.

"Why, do you know," continued that high spar authority, "that I have a string of telegrams this high," and he measured up at least two feet of his left coat sleeve, "all demanding an immediate answer as to why my promises have not been fulfilled. My reputation for truth and veracity is getting in a bad way." And the man of spar sighed.

"Bah! You are no account. I know you."

Rosa replied, "I can do anything you have to do. Try me."

The vacant stare said, "I won't. I know you. You are no good. Your name is Schlamph."

I gave

you dictation once and you fell down. Go away."

Rosa refused to go and declared she could bat out anything they had.

"Try me. Try me."

The vacant stare awoke and did try her. She is still working there.

:0:

John T. Franks, of Denver, Colo., writes after this wise:

"I think of lots of fool things I could write you about, but I will not take up your time now. Hope you and you all are enjoying life and that the world is good to you."

Come on with your coming, this world is make up of the foolishness of things. We have it in holy writ that the world is to be saved by the foolishness of preaching.

This same man, John Franks, delivers himself again after this manner:

"We sometimes think of going back to Kentucky, but what could I do in Marion without money any more than I can here?"

Now what do you think of that? Mr. Franks dreads to tread the streets of Marion again for fear her millions would make it unpleasant for him. Her bloated bondholders and barons of predatory wealth might give him a chilly smile.

Persistence and nerve will work wonders. If you don't believe it try it. We are led to this remark by a visit to Marion last week of Miss Rosa Schwab. She was called home by the serious illness of her mother who is in the hospital at Evansville, and now that she is on the road to complete recovery Miss Rosa had started for Memphis and stopped in Marion for a few days with relatives and old friends. The way Miss Rosa obtained her present position revealed the above sentence. Needless to say her job is a good one. Standing on the carpet in front of her would-be-employer she stated that she applied for the vacancy and believed that she could fill the bill. The man with the vacant stare slowly opened his mouth and said,

"Bah! You are no account. I know you."

Rosa replied, "I can do anything you have to do. Try me."

The vacant stare said, "I won't. I know you. You are no good. Your name is Schlamph."

#### The One Who Rules

Once upon a time a youth, who had commenced to navigate the sea of matrimony, went to his father and said: "Who should be the boss, I or my wife?"

The old man smiled and said: "Here are 100 chickens and a team of horses. Hitch up horses, load the into the wagon, and where ever you find a man and his wife dwelling you stop and make inquiry, as to who is the boss. Whenever you find women running things, leave a chicken. If you come to a place a man is in control, give him one of the horses."

After seventy-nine chickens had been disposed of, he came to a house and made usual inquiry.

"I'm boss of this ranch," said the man.

"Got to show me, said the boy.

So the wife was called, and she affirmed her husband's assertion.

"Take whichever horse you want," wos the boys reply. So the husband said. "I'll take the bay." But the wife didn't like the bay horse, and she called her husband aside and talked to him. He returned and said: "I believe I'll take the gray horse."

"Not much," said Missouri "you'll take a chicken!"—20th Century Review.

Later information confirms the statement published in the Hustler that a large coal mining plant will be opened in the vicinity of White Plains in the near future. The name of the company will be the Midland Coal Co. and the principal capital comes from the East. The expect to sink a shaft about one half mile from White Plains, near Mt. Carmel, but will extend their sidetrack about three miles further, in order to work some drift mines.

The company will take up about 28000 acres of coal rights on which it has options, and it is said that work will begin in the near future.

F. F. Brown happened to a peculiar experience the other day. He hauled some pea hay home and intended to cover it and leave it in the wagon until the next morning. In attempting to put some old doors on the wagon he slipped and struck his shoulder against the wagon wheel dislocating his right shoulder. He fell to the ground with the door on him and, while suffering excruciating pain, attempted for about fifteen minutes to extricate himself. He finally made a tremendous effort and in doing so jerked his shoulder back into place. While it is very sore, he is able to be about and use it.

#### Badly Mixed Up.

Abraham Brown, of Winterton, N. Y., had a very remarkable experience; he says: Doctors got badly mixed up over me; one said heart disease; two called it kidney trouble; the fourth, blood poison, and the fifth, stomach and liver trouble; but none of them helped me; so my wife advised trying Electric Bitters, which are restoring me to perfect health. One bottle did me more good than all the five doctors prescribed." Guaranteed to cure blood poison, weakness and all stomach, liver and kidney complaints, by J. H. Orme, druggist, 50c.

#### THE STINGY MAN.

The people of Owensboro are aroused over the question of doing away with the dust nuisance this summer. Here is the way the Inquirer sizes up the man who won't sprinkle in front of his residence: "The man who is too stingy to pay the insignificant sum necessary to have the streets sprinkled in front of his home is so penurious that he doesn't enjoy life and his neighbors are always glad when he is away from home."

#### Stars And Bars Barred at Capitol.

Washington, June 6.—One hundred Confederate veterans from Tennessee carrying the stars and bars were yesterday denied admission to the United States capitol until they had lowered their flag and disarmed. The old soldiers came to Washington from the Richmond reunion and after visiting the White House marched down Pennsylvania avenue. The Capitol police informed them they would be allowed admission to the Capitol only as private citizens and not as an organized body. Congressman John Wesley Gaines, of Tennessee, who accompanied the veterans, entered a protest.

#### Every Man His Own Doctor.

The average man cannot afford to employ a physician for every slight ailment or injury that may occur in his family, nor can he afford to neglect them, as so slight an injury as the scratch of a pin has been known to cause the loss of a limb. Hence every man must from necessity be his own doctor for this class of ailments. Success depends upon prompt treatment, which can only be had when suitable medicines are kept at hand. Chamberlain's Remedies have been in the market for many years and enjoy a good reputation.

Chamberlain's Colic, Cholera and Diarrhoea Remedy for bowel complaints. Chamberlain's Cough Remedy for coughs, colds, croup and whooping cough.

Chamberlain's Pain Balm (an anti-septic liniment) for cuts, bruises, burns, sprains, swellings, lame back and rheumatic pain.

Chamberlain's Stomach and Liver Tablets for constipation, biliousness and stomach troubles.

Chamberlain's Salve for diseases of the skin.

One bottle of each of these five preparations costs but \$1.25. For sale by J. H. Orme, the leading druggist in western Kentucky. Haynes & Taylor the enterprising druggist, of Marion.

#### Good Haul Made.

Princeton, Ky., June 1.—Burglars broke into Frank Morgan's general merchandise store, near the depot: the Standard Oil company's warehouse, and the City Laundry. They secured about \$100 worth of goods from Morgan's and several cases of sewing-machine oil from the Standard Oil company's plant. Nothing was missed from the laundry. A bloodhound was secured from Edenville to trail the thieves.

#### Here's Good Advice.

O. S. Woolever, one of the best known merchants of Le Raysville, N. Y., says: "If you are ever troubled with piles, apply Bucklen's Arnica Salve. It cured me of them for good 20 years ago." Cures every sore, wound, burn or abrasion. 25c. at J. H. Orme's drug store.

#### Once in a While.

Once in a while the sun shines out,  
And the arching skies are a perfect blue.

Once in a while mid clouds of doubt  
Hope brightest stars come peeping through.

Our paths lead down by the meadow fair,

Where the sweetest blossoms nod and smile.

And we lay aside our cross of care

Once in a while.

Once in a while within our own

We clasp the hand of a steadfast friend:

Once in a while we hear a tone

Of love with the heart's own voice to blend,

And the dearest of all our dreams come true.

And on life's way is a golden mile; Each thirsting flower is kissed with dew

Once in a while.

Once in a while in the desert sand

We find a spot of the fairest green;

Once in a while from where we stand

The hills of Paradise are seen;

And perfect joy in our hearts we hold,

A joy that the world cannot delie;

We trade earth's dross for the purest gold

Once in a while.

#### A Dangerous Deadlock.

That sometimes terminates fatally, is the stoppage of liver and bowel functions. To quickly end this condition without disagreeable sensations, Dr. King's New Life Pills should always be your remedy. Guaranteed absolutely satisfactory in every case or money back, at J. H. Orme's drug store. 25c.

#### Man's Life of Woe.

A man's life is full of crosses and temptations. He comes into the world without his consent and goes out against his will, and the trip between the two is exceedingly rocky. The rules of contraries is one of the important features of his trip. When he is little the big girls kiss him, and when he is big the little girls kiss him.

If he raises a large family he is a chump; if he raises a small check he is a thief.

If he is a poor man he is a bad manager; if he is rich he is dishonest; if he is in politics it's for pie; if he is out of politics you can't place him and he's no good to his country.

If he does not give to charity, he is stingy; if he does, it's for show. If he dies young there's a great future before him; if he lives to a good old age, he has missed his calling. The road is rocky, but the man loves to travel it.—Exchange.

#### NEW SALEM.

This seems to be an off year with the farmers.

All the loose earth on our public highways was cleaned out by the late storm leaving our roads in a bad fix.

The following are down with the measles and under the care of a doctor: Henry Brownster, three at Carter McDowell's, two at Frank James', one at Bunk Baker's, three at Clem Moran's, two at John Conyer's, one at Robert Carter's, one at Rufe Parker's and Mrs. Allen Kirk.

Married in Marion, June 3. Mr. J. W. Holoman, of Mexico, this county, to Miss Sallie Mahan, of New Salem. Judge Blackburn officiating.

This part of Crittenden county was visited Friday night, June 7, by one of the worst rain, hail and wind storms in forty years, doing thousands of dollars damage to crops, gardens and timber. Some farmers had their entire crops ruined. The hail was very severe, ruining corn, tobacco and garden truck.

Mr. and Mrs. Bart Hodges visited in the upper part of the county Sunday.

Mrs. Monroe and family, of Milford, are visiting Mrs. Monroe's parents, Mr. and Mrs. Robert Carter.

Some men go around with their heads bowed down saying we are all going to starve this year. As for us, we look on the sunny side and think of better days coming.

Let me mail you free, to prove merit samples of my Dr. Shoop's Restorative and my Book on either Dyspepsia, The Heart, or The Kidneys. Address me, Dr. Shoop, Racine, Wis. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims treat the "inside nerves". Also for bloating, bloatiness, bad breath or complexion, use Dr. Shoop's Restorative. Write for my free book now Dr. Shoop's Restorative. #### Sheriff's Sale for Tax.

By virtue of taxes due the county of Crittenden and Jas. W. Lamb, Ex Sheriff of Crittenden county, I will, on Monday, June 10, 1907, between the hours of 10:00 a. m. and 2:00 p. m., expose to public sale to the highest bidder, for cash in hand, the following property, or so much as may be necessary to satisfy the amount of taxes due and costs, on the property assessed in the following names to wit:

Walker Andy 112 acres, Marion precinct No. 1 near T. J. Yandell, tax for 1905 and cost, \$9.90.

Duncan W. J. 96 acres in Dyucusburg precinct near J. H. Clifton, tax 1905 and costs \$4.65.

Rushing R. B. 3 acres in Dyucusburg precinct near E. S. Stephenson tax for 1905 and costs \$4.35.

Barnett Wm. for T. T. Barnett estate, 1200 acres in Hurricane precinct near Chas. Daniels, balance tax 1905 and costs \$43.35.

We keep step with the progressive age in which we live. R. F. Dorr, the funeral director and embalmer has ordered a new pavilion tent, for use in the cemetery in case of hot or inclement weather. This is a much needed addition to our old reliable undertaker's equipment for conducting a first class funeral, and should be duly appreciated by his patrons. Mr. Dorr now has \$1000. 00 worth of paraphernalia for funeral occasions to make them elegant, quiet and dignified as every one likes to see such affairs so conducted.
